

An ancient artifact that must be found... Terrifying creatures from dark and dangerous Incendin... And long-forgotten elementals again unleashed on the world. As an earth senser, Tan is tasked with helping guide the king's servant through the dangerous mountain passes in search for the artifact before Incendin can reach it first. But after losing his father to the war, Tan wants nothing to do with the king's demands. When everything he knows is lost, he is forced to risk himself to save the one person who can find the artifact, a beautiful girl who has lost as much as Tan. In doing so, power the world hasn't seen in nearly a thousand years is awoken, and a warrior long thought dead returns to claim the artifact for himself.
