

This dark comedy explores the lost universes of disgraced idol Dylan Greenyears. Dylan had always wanted to live as many lives as he could--that was the appeal of being an actor. But at the end of a brief, bright stint as a Hollywood heartthrob, Dylan loses the lead in Titanic and exiles himself and his wife to a recently settled exoplanet called New Taiwan. At first, life beyond Earth seems uncannily un-wondrous. Dylan teaches at an American prep school, raises a family with his high school sweetheart, and lives out his restlessness through literature. But then a box of old fan mail (and the hint of a galaxy-wide conspiracy) offers Dylan a chance to recapture the past. As he tries to balance this transdimensional midlife crisis against family life, Dylan encounters a cast of extraordinary characters: a supercomputer with aspirations of godhood, a Mormon-fundamentalist superfan, an old-school psychoanalyst, a sampling of his alternate selves, and, once again, the love of his lives. King of the Worlds throws cosmology, technology, nineties pop culture, and religion into an existential blender for a mix that is by turns tragic and absurd, elegiac and filled with wonder. M.
