

Everyone is constantly under construction. Life is a series of first and last balls. UNDER CONSTRUCTION offers you, the reader, thoughts and concepts to consider in constructing your success. UNDER CONSTRUCTION will assist you in achieving your complete potential. It is not a book that defines success, it is a collaboration of experiences to guide you towards your personal potential and abilities. UNDER CONSTRUCTION connects us together whether our life experiences come from the boardroom, family room or locker room. Regardless of our personal arena, we are all players in the same game. Whether eight or eighty, every day we choose our opportunities by the first and last ball. In this book, you may see yourself in my stories and experiences. It is an invitation to share in our lives construction and then together achieve our personal potential. We refuse to pretend to have the answers, rather we have chosen to identify the construction sites of life and the materials necessary to engage your personal first and last balls.
